Educational Background

BS **Southern University of Science and Technology**, Mathematics — Guangdong, China, Sep. 2023 - May 2027 (Expected)

- GPA: 3.74/4.0 or 89.2/100.
- English Proficiency: **Duolingo**: 130/160; **CET4**: 607/710; **CET6**: 606/710
- Relevant Coursework: Abstract Algebra(H)(90), Complex Analysis(97), Topology(88), Differential Manifold(92), Riemannian Geometry, Algebraic Topology

North Carolina State University, Mathematics — North Carolina, USA, Jan. 2025 - Feb. 2025

- Research Topic: Reinforcement Learning, Cart-Pole system (**Supervisor**: Dr. Tran)

Member of the Honors Program, Department of Mathematics — Guangdong, China, Nov. 2023 - Feb. 2025

- Enrolling in Advanced Mathematics Courses.

Research Interests

Research interests include geometric topology, complex geometry, and differential geometry. But I am still eager to explore my potential areas of interest.

Teaching Experience

Teaching Assistant, MA202 Complex Analysis — Guangdong, China, Spring 2026

- Assisted in grading homework assignments and examinations for undergraduate Complex Analysis.
- Prepared reference solutions and supported course instruction.

Seminar Participation

Senior Analysis Seminar - Riemannian Geometry Organizer: Bochen Liu — Guangdong, China, Sep. 2025 - Jan. 2026

- Mainly focus on the classical textbook *'Riemannian Geometry' - By Do Carmo*, including chapters 0 to 7.

Geometric Models and Their Applications in Engineering Organizer: Yifei Zhu — Guangdong, China, Sep. 2025 - Jan. 2026

- The specific seminar plan can be seen by clicking this link

Riemann Surfaces and its Related Topics Organizer: Yifei Zhu — Guangdong, China, Feb. 2025 - Present

- The specific seminar plan can be seen by clicking this link

Mathematics Summer School

National Undergraduate Mathematics Competition Summer Camp — Shaanxi, China, Aug. 2025

- Attended advanced mathematical lectures, seminars from various fields.

Prizes and Awards

The Chinese Mathematics Competitions (16th & 17th), both First Award — Oct. 2024/Oct. 2025
CUMCM, Modeling Competition, Third Award/Second Award — Sept. 2024/Sept. 2025
Chinese Mathematics Olympics, Third Award — Sept. 2022
Chinese Physics Olympics, Third Award — Sept. 2021
